

PROFILE SUMMARY

Results-driven management professional leveraging **data analysis** and **stakeholder alignment** to translate business objectives into scalable operational solutions that boost operational efficiency.

PROFESSIONAL EXPERIENCE

Senior Software Engineer, Capgemini July 2023 – Oct 2024

- Spearheaded a strategic partner integration to enhance **system reliability**, cutting bug reports by **20%**
- Enhanced operational oversight and system performance by designing a **proactive monitoring solution**, boosting **SLA compliance by 15%**
- Established **coding standards and design patterns**, improving team-wide code quality and enabling faster, more scalable feature delivery
- Guided newly onboarded team members through structured **knowledge-transfer sessions**, accelerating ramp-up

INTERNSHIP

Technology Consulting Intern, EY India Apr 2026 - June 2026

- Collaborated with cross-functional stakeholders to support **financial reporting and consolidation**, **aligning business requirements with implementation** and delivering high-quality client solutions
- Analyzed financial data and executed **validation and quality checks** to ensure reporting accuracy, **mitigating discrepancies** and supporting informed business decisions

Senior Software Intern, Capgemini Jan 2023 – Apr 2023

- Delivered a key function within a broader **API integration**, independently owning a well-defined module end-to-end and ensuring a smooth handoff to the senior team
- Built a new panel for the team's **monitoring dashboard**, enabling real-time tracking of a key performance metric and strengthening the team's existing tooling

ACADEMIC PROJECTS

- Micro-Business Simulation: Simulated end-to-end operations of a micro-business to study **pricing strategy** using **regression analysis**, deriving demand curves and price elasticity – achieving **25% net profit**
- Full-Stack Platform Enhancement: Delivered new UI components and supported back-end adjustments for a key client, applying **front-end and back-end development** skills to enhance platform functionality and improve the end-user experience
